Love & Serve through Christ

Relics of Saint Carlo Acutis

Well done to all our students who took part in the cross country event. Congratulations to Jagger, Ella, Harry, El, James, Evie and Sally who placed in the top 10.

Cross Country Event

Dear Parent/ Carers,

We were truly privileged to welcome Sister Anne Johnstone on Tuesday, who spoke to our students about Blessed Carlo Acutis, recently canonised as a saint. Our students responded with deep reverence and maturity, participating in a special moment of veneration with a relic of Saint Carlo. It was a moving and memorable experience for all involved.

This week also saw the successful rollout of Chromebooks to our Year 7 students, who were full of excitement and joy as they received their devices. Year 10 students will receive theirs next week, and we look forward to seeing how this technology enhances their learning.

I would like to take this opportunity for a reminder of the importance of daily attendance: every school day offers five hours of learning that cannot be reclaimed. Being present not only supports academic progress but also builds resilience and routine—key ingredients for lifelong success. Thank you for your support in ensuring your child attends school every day.

Finally, thank you to all parents and carers for your continued support in encouraging students to show their SAS Best. We are proud of the many students who consistently give their all. In the coming weeks, we look forward to recognising and rewarding their dedication to showing their 'best' at all times.

God Bless,
Rosa Flanagan
